## **THE INTERNET**

- 17) The Internet is a global array of computer networks accessible by users all over the world. Use of the Internet as a conduit of information has exploded as more and more people have signed up as Internet users the world over. There are now many hundred's of millions of Internet users worldwide.

- 18) The Internet has become a social and commercial force of immense importance, where information can be immediately posted and relayed throughout the commercial world in an instant. Throughout the Internet, there are dozens of "stock talk" bulletin boards, news groups, and chat rooms. Included among these is Raging Bull. Individuals have posted hundreds of thousands of messages to these bulletin boards. These posts can be accessed and are read by people around the globe 24 hours a day 7 days a week.

## **INTERNET POSTERS**

- 19) Internet Posters are individuals acting either alone or collectively, posting and publishing messages on the “Raging Bull” and other Internet Web Sites.
- 20) People who “post” and or make publications on these bulletin boards are not required to disclose their real identities. Raging Bull as a specific term and condition of registration, so states that the poster must conform to the stated terms and conditions, included in which are stipulations and conditions of posting. Posters are advised and warned to ensure that their postings and publications at all times conform to the stated terms and conditions of membership of Raging Bull.
- 21) Posters may thus hide behind a shield of anonymity believing they can fabricate lies, print and publish false information, create and publish false innuendoes, and further post false and libelous messages and intimidate third parties with little or no risk of repercussions.

**The DEFAMATORY AND SLANDEROUS POSTS**

- 22) On or about December 20, 2002, defendant alias Tobias95 and certain other Internet Posters began publishing false and libelous information on the Internet on the so-called “message boards” facilitated by Raging Bull, Inc. (“Raging Bull”). Specifically these posts appeared on the UCSY and TVCP chat lines.

DAILY BY MANY MILLIONS OF READERS WHO HAVE ACCESS**

**TO THE INTERNET ALL OVER THE WORLD.**

25) At the outset, numerous registered members and posters published information in the section of the Raging Bull message boards specifically dedicated to TVCP and UCSY (the “TVCP /UCSY Board”). Almost all of the posters did not publish under their own true names. Under these aliases there has been published, to date, approximately 170,000 postings on Raging Bull TVCP site, and about 25,000 on the Raging Bull UCSY site.

26) Since December 2002 defendant Tobias95, and certain other posters were posting libelous and false information about the plaintiff on Raging Bull. Between December 2002 and current, despite continuing objections by the plaintiff, these posters continued their un-abating onslaught of vicious and malicious postings. At all times these postings were published by Raging Bull on their Internet Web Site, easily accessed around the world at all times of the day and night.

27) It is estimated that more than 500 million people around the world have access to the Internet and thus to this information.

**THE DEFENDANTS' USE OF THE INTERNET TO DEFAME AND INJURE PLAINTIFF ZWEBNER**

28) The Internet is a global array of computer networks accessible all over the world. Use of the Internet as a conduit of information has exploded as more and more people have signed up as Internet users.

29) There are now many millions of Internet users worldwide. The Internet has become a social and commercial force of immense importance, where information can be immediately posted and relayed throughout the commercial world.

30) Throughout the Internet, there are dozens of "stock talk" bulletin boards, news groups, and chat rooms. Included among these is Raging Bull. Individuals have posted hundreds of thousands of messages to these bulletin boards. People around the globe read these posts.

- 31) People who post on bulletin boards are not required to disclose their real identities or whether the information they are disseminating is accurate. They may thus hide behind a shield of anonymity believing they can fabricate and intimidate with little or no risk of repercussions.
- 32) The defendant alias “Tobias95”, and each of the posters, using aliases, **IN A DELIBERATE AND CONSPIRITOL ATTEMPT TO AVOID DETECTION**, acting either alone or in concert with each other, in an effort to injure plaintiff Zwebner have posted false and defamatory information about Zwebner on the Internet, including in particular and in the main, the Raging Bull message boards.
- 33) The defendant alias “Tobias95” and the other posters either knew the statements they posted on the Internet regarding Zwebner to be false or otherwise made them with reckless disregard as to the truth of the information and with the intent to harm Zwebner and his reputation, and to cause him mental and emotional distress.

34) As explained further below, Zwebner has repeatedly notified posters through the Internet and otherwise that the information they are disseminating is false. Defendant alias “Tobias95” and other posters nevertheless persisted in smearing Zwebners’ name and reputation, for their own purposes, through the publication of malicious falsehoods and innuendo on the Raging Bull boards, and over the Internet.

35) Because of the actionable, defamatory content of many of the postings, the plaintiff has been forced to file legal actions against the posters.

If you find a contract, READ IT CLOSELY! it will say the contract number, dollar amounts, and what it is for. If it is a BLANKET CONTRACT and it has no MONETARY VALUE then they just RECEIVED the merchandise for NO COST! aka r&d sales/"look at what we have" submission, at no cost!

OT: I would love to know who these US Army high ranking officials are? Are they contracting officers with a "WARRANT TO PURCHASE"? Probably not! So who are they, no airwater corp in the CCD database, probably no contracting officers showing the contract's with MOD numbers either! :-)

FRAUD? Let's just see from the US Army who comes forward!

OT: I can answer that question. You do not know the US GOV logistics system! No Purchase order number, "NO PURCHASE"! Sounds like they gave something to someone to look at, but it was for FREE! "ORDER" show me a Gov order number, with a \$DOLLAR amount, then I will believe it. What a SCAM!

OT: Kevin, NO ONE has ever invested in a zwebner company and made any money except the insiders that he communicated with frequently. There is not a company known as per the SEC that has ever been controlled by michael zwebner that has ever returned any sustainable monetary growth for it's investors. this might be my opinion, but the FACTS speak for themselves. You could be scammed, because you are not aware how another part of the money laundering world works. I apologize for everyone's losses because the SEC allows these people to continue with their schemes.

OT: sc is proof that the U S government allows this demented misrepresentation of the truth to exist. I blame the U S government for this lie and total fabrication of the truth. I suspect it is part of another agenda related to the muslims that want to disrupt a peace accord. I would say the post is coming from off shore, and probably from a country we already suspect. I hope they are next on the list, because we know where they are and what they are trying to do.

OT: This is the scenario: Z was probably involved in a Trade/Arms deal with Saddam Hussein. The country of IRAQ was dissolved as a result of the WAR that has been consumated. The money involved between the ARMS DEALERS has not been paid because the deal was based on the successful repulse of the collition forces end result.

Now, currently, the not knowing negotiators (GUESS WHO) of the agreement, had no idea that the WAR result would be what it currently is, so therfore they agreed on a settlement with the IRAQI GOVERNMENT that would have compensated them for their efforts to supply same with the requested aresenals! Problem is, IRAQ was overthrown in 3 weeks, the previous GOVERNMENT does not exist, so along with the FRENCH, GERMANS, RUSSIANS, among others, the BILL'S will not get paid by the parties that the contracts were made with, because those people do not currently EXIST!

Is this too hard for you to figure out?

OT: I think the STATE DEPARTMENT AND U.S. JUSTICE DEPARTMENT NEED to look at this POST.

An ISRAELI, using a UNITED KINGDOM, citizenship, SPYING on USA Citizens FROM THE USA illegally is worthy of a call to the FBI ! He said it in his own words and post! I think he posted it via the internet from SYRIA or LICHTENSTEIN myself.

OT: WAR 2003 will likely freak the rest of you out.

No matter what country you represent, we are not selfish, we KNOW! I don't like underhanded politics, hopefully we can attack and prosecute Lichtenstien illegals also.

Sorry, thats just the way the new world order is, and we are on your side, as long as you know it.

We mean WELL, and the THUGGS will find out soon! too bad for them, but it's about time.

OT: Air Water is a scamm. Ask any world orginization about a company that wants to extract water from the atmosphere, and you will get a reply that imo is at best a laugh, but most likely absurd. Do you really think that a penny stock company is going to extract the worlds atmosphere of water and not have to make an engineering analisys report as to the impact this will have on global warming and the Earths atmosphere. You small people are very funny, the perpetrators will go to jail.

OT: Iraq is a perfect example. the un is lame, but when you know the facts and you are willing to take on the whole world, then you don't fear the world, you attack the perpetrators. what I do not understand is the perpetrators will always be a target and will always be destroyed. in light of not knowing the results, the enemy will be killed in large numbers compared to the force that will occupy their area of defence. simple military math, something these people have not yet dealt with. ie jerusalem

OT: I think M Zwebner is a known SCAM ARTIST.

Does it really surprise anyone that their investment money has been funneled to Israel by the fact that you have little or nothing left in your investment in his companies.

Was it a u.s. government sponsored, and obscure transfer of funds by investors of UCSY through the CIA, and that is the reason why m zwebner gets away with his financial crimes on u.s. soil ?

You have not committed a crime until you have been caught ?

MICHAELJ123, a Forensic Audit of your activities will reveal that you are a person of no reputable stature in the society you try so hard to convince! :-)  
I will call for a class action lawsuit against you and your coconspirators in order to get to the truth.  
You are not trust worthy.

alias again, that is one heck of a due diligence job. I would nominate you for a pulitzer prize for investigative reporting if you were a reporter. I think you should make some **contacts** real quick, before the press takes your information. Good job. I get my information **second hand**, but you did do one heck of a job on the proof of suspected criminal chronological events leading to insider trading.

OT: Dean, of course you would take offense, I am insinuating you are involved in some sort of underhanded monetary transactions. I really do not care or know anything about worm that would relate to the issue I am referring to. I do think that someone is paying graft money to someone for illegal services.

OT: DEAN, I think you are being paid off by someone! It may be just my opinion, but I will not stop until I see the facts that you were not paid off! And those large unusual bank deposits throw up big red flags everytime! :-)

someone woke me up, to tell me you were a desperate poster on a penny stock board trying to cover your inevitable future.

(similar to what Yamamoto said before Pearl Harbor was attacked)

number 1, are you a felon? Your answer will be NO? My assumption is YES.

number 2, since you ass-u-me you know the facts, then why would you ask me?

number 3, under "The War Powers Act" I do not have to tell you what I think! You might try to sue me for it, but you are not a U.S. Citizen, therefore what your assumptions are and my value to my country could be your downfall! Take note of this statement!

I have been informed, and I do govern myself, in a way that suggests a challenge as to your personal worth to Israel versus Israel's relationship to the United States of America, is "you lose"!

(I highly doubt that you are of such good character and political influence as to be of any significance to jeopardize this relationship!) So go ahead and take some frivolous action.

So bugg off and leave me alone! Wake me up again and bother me, then let it be said "you were warned".
