Re: Colocation America - **Criminal Defamation -- Cease and Desist -- Notice of Intent to Sue**

Dear Mr. Richardson:

This notice shall serve as your first and last notice of our legal intentions. Your libelous activities and trade disparagement have risen to the level of criminal culpability. Furthermore, you are engaging in activities that also leave you exposed for civil damages, including punitive damages, special damages and actual damages for your libelous false statements that you are making to third parties including various postings on websites. You are also guilty of intentional interference with known existing contractual relationships in addition to defamation per se. If we do not receive a notice of retraction as to all web postings and a notice that you intend to cease and desist all further such libelous criminal and wrongful conduct within 24 hours, be assured that we will exercise all available remedies to assure that you will never engage in such conduct to anyone ever again. I've been legal representative for Mr. Ahdoot and Colocattion America for many years and no one has ever once, not even once raised the heinous allegations you have been publishing. This writing is not intended to constitute, nor shall it be construed as a complete recitation of all facts, rights and remedies, all of which are expressly hereby reserved.

Very truly yours,

\s\
