COMPLAINT FOR COPYRIGHT INFRINGEMENT

Plaintiff, by its attorneys, for its complaint against Defendants, alleges:

JURISDICTION AND VENUE

- 1. This is a civil action seeking damages and injunctive relief for copyright infringement under the copyright laws of the United States (17 U.S.C. § 101 et seq.).
2. This Court has jurisdiction under 17 U.S.C. §101 et seq.; 28 US.C. § 1331 (federal question); and 28 U.S.C. § 1338(a) (copyright).
3. The manner of the illegal transfer of Plaintiff’s copyrighted creative work, “Amateur Allure - MaeLynn,” (hereinafter “Work”) is what P2P network users call a “BitTorrent protocol” or “torrent” which is different than the standard P2P protocol used for such networks as Kazaa and Limewire. The BitTorrent protocol makes even small computers with low bandwidth capable of participating in large data transfers across a P2P network. The initial file-provider intentionally elects to share a file with a torrent network. This initial file is called a seed. Other users (“peers”) on the network connect to the seed file to download. As yet

additional peers request the same file each additional user becomes a part of the network from where the file can be downloaded. However, unlike a traditional peer-to-peer network, each new file downloader is receiving a different piece of the data from each user who has already downloaded the file that together compromises the whole. This piecemeal system with multiple pieces of data coming from peer members is usually referred to as a “swarm.” The effect of this technology makes every downloader also an uploader of the illegally transferred file(s). This means that every “node” or peer user who has a copy of the infringing copyrighted material on a torrent network must necessarily also be a source of download for that infringing file.

4. This distributed nature of Bit Torrent leads to a rapid viral spreading of a file throughout peer users. As more peers join the swarm, the likelihood of a successful download increases. Because of the nature of the Bit Torrent protocol, any seed peer that has downloaded a file prior to the time a subsequent peer downloads the same file is automatically a source for the subsequent peer so long as that first seed peer is online at the time the subsequent peer downloads a file. Essentially, because of the nature of the swarm downloads as described above, every infringer is *simultaneously* stealing copyrighted material from many ISPs in numerous jurisdictions around the country.

5. Venue in this District is proper under 28 U.S.C. § 1391(b) and/or 28 U.S.C. §1400(a). Although the true identity of each Defendant is unknown to Plaintiff at this time, on information and belief, each Defendant may be found in this District and/or a substantial part of the acts of infringement complained of herein occurred in this District. On information and belief, personal jurisdiction in this District is proper because each defendant, without consent or permission of Plaintiff, exclusive rights owner, distributed and offered to distribute over the

Internet copyrighted works for which Plaintiff has exclusive rights. Such unlawful distribution occurred in every jurisdiction in the United States, including this one.

#### **PARTIES**

6. Plaintiff brings this action to stop Defendants from copying and distributing to others over the Internet unauthorized copies of the Work, to which Plaintiff is the assignee and owner of all right, title and interest worldwide, and all proprietary rights therein including, without limitation, all copyrights and all past and future causes of action with respect to the same. Defendants' infringements allow them and others unlawfully to obtain and distribute for free an unauthorized copyrighted work for which Plaintiff spent a substantial amount of time, money and effort to obtain the exclusive rights to market, distribute and sell. Each time a Defendant unlawfully distributes a free copy of Plaintiff's copyrighted Work to others over the Internet, each person who copies that video can then distribute that unlawful copy to others without any significant degradation in sound and picture quality. Thus, a Defendant's distribution of even one unlawful copy of the Work can result in the nearly instantaneous worldwide distribution of that single copy to a limitless number of people. Plaintiff now seeks redress for this rampant infringement of its exclusive rights in and to the copyrighted Work.

7. Plaintiff Hard Drive Productions, Inc. ("Plaintiff") is a corporation organized and existing under the laws of the State of Arizona. Plaintiff is an adult content producer and operates a website, Amateur Allure, that is among the leading brands within its niche. Plaintiff is the owner of the pertinent exclusive rights under copyright in the United States, and the exclusive owner of that certain motion picture entitled "*Amateur Allure - Maelynn*," which has been unlawfully distributed over the Internet by the Defendants.

8. The true names of Defendants are unknown to Plaintiff at this time. Each Defendant is known to Plaintiff only by the Internet Protocol (“IP”) address assigned to that Defendant by his or her Internet Service Provider on the date and at the time at which the infringing activity of each Defendant was observed. The IP address of each Defendant thus far identified, together with the date and time at which his or her infringing activity was observed, is included on Exhibit A hereto. Plaintiff believes that information obtained in discovery will lead to the identification of each Defendant’s true name and permit the Plaintiff to amend this Complaint to state the same.

### COUNT 1

#### INFRINGEMENT OF REGISTERED COPYRIGHT

9. The Plaintiff is responsible for the marketing, sale and distribution of the Work.

10. The Plaintiff is the holder of the pertinent exclusive rights infringed by Defendants, as alleged hereunder, for certain copyrighted works, including but not limited to the screenplay and the copyrighted Work. The Work is the subject of valid Certificate of Copyright Registrations #PA 1-750-487 issued by the Register of Copyrights.

11. The Work contains a copyright notice advising the viewer that it is protected by the copyright laws.

12. The Plaintiff is informed and believed that each Defendant, without the permission or consent of the Plaintiff, has used, and continues to use, an online media distribution system to distribute to the public, including by making available for distribution to others, the Work. Exhibit A identifies the Doe Defendants known to Plaintiff as of the date of this Complaint who have, without the permission or consent of Plaintiff, distributed the Work to the public, including by making available for distribution to others. In doing so, each Defendant

had violated Plaintiff's exclusive rights of reproduction and distribution. Each Defendant's actions constitute infringement of Plaintiff's exclusive rights protected under the Copyright Act of 1976 (17 U.S.C. § 101 *et seq.*).

13. The foregoing acts of infringement have been willful, intentional, and in disregard of and with indifference to the rights of Plaintiff.

14. As a result of each Defendant's infringement of Plaintiff's exclusive rights under copyright, Plaintiff is entitled to relief pursuant to 17 U.S.C. § 504, and to its attorneys' fees and costs pursuant to 17 U.S.C. § 505.

15. The conduct of each Defendant is causing and, unless enjoined and restrained by this Court, will continue to cause Plaintiff great and irreparable injury that cannot fully be compensated or measured in money. Plaintiff has no adequate remedy at law. Pursuant to 17 U.S.C. §§ 502 and 503, Plaintiff is entitled to injunctive relief prohibiting each Defendant from further infringing Plaintiff's copyright and ordering that each Defendant destroy all copies of the Work made in violation of Plaintiff's exclusive rights to the copyright.

**WHEREFORE**, Plaintiff prays for judgment against each Defendant as follows:

1. For entry of preliminary and permanent injunctions providing that each Defendant shall be enjoined from directly or indirectly infringing Plaintiff's rights in Work and any video, whether now in existence or later created, that is owned, licensed to, or controlled by Plaintiff ("Plaintiff's Works"), including without limitation by using the Internet to reproduce or copy Plaintiff's Works, to distribute Plaintiff's Works, or to make Plaintiff's Works available for distribution to the public, except pursuant to a lawful license or with the express authority of Plaintiff. Defendant also shall destroy all copies of Plaintiff's Works that Defendant had downloaded onto any computer hard drive or server without Plaintiff's authorization and shall

destroy all copies of those downloaded works transferred onto any physical medium or device in each Defendant's possession, custody, or control.

2. For actual damages or statutory damages pursuant to 17 U.S.C. § 504, at the election of the Plaintiff.
3. For Plaintiff's costs.
4. For Plaintiff's reasonable attorneys' fees.
5. For such other and further relief as the Court deems proper.

Respectfully submitted,

Hard Drive Productions, Inc.
